Alcohol At Wit's End

Introducing the SUBJECT SET

Original with WCEE.net, a **trilogy** of network television-style direct-to-DVD franchises that work together to effect uniform emotional and intellectual identification and comprehension.

AT WIT'S END (drama), **BAIT & SWITCH!** (comedy), and **CLASS ACTION** (adventure) are based on the acclaimed 1985 short film "The Subject of a Moment" now been *remade* as "Alcohol At Wit's End."

SUBJECT SET: Alcohol (2009)

Part 1: "Alcohol At Wit's End"

High school "social host" Grape Juice and his girlfriend, Kirsten, head the in-crowd with three-musketeers Avery, Nameless, and I.D. "At Wit's End" series viewers identify with each episode's guest star antagonist before the "accident" happens and attempts at damage-control ensue. The student taste-makers organize the party and then duck responsibility leaving their now ex-new best friends to their fate.

SUBJECT SET: Alcohol (2009)

Part 2: "Alcohol Bait & Switch!"

By distancing themselves from the "accident", everyone unwittingly realigns their values.

Part 3: "Alcohol and Class Action"

With new understanding comes new opportunity. The students aren't perfect, but they get this one right.

Parts 2 & 3 COMING SOON. For more information or to subscribe to our mailing list, visit www.WCEE.net.
